

Lijuan Ruan
(Brookhaven National Laboratory)

Outline:

- **Nuclear Physics Day at DC**
- **AUM 2017 meeting**
- **A few things on Quality of LIFE**

Nuclear Physics Day in March

**Michael Thoennessen, chair-elect of APS Division of Nuclear physics .
Normally in March/April depending on congressional calendars.**

March 27-31

“Study of High Density Nuclear Matter with Hadron Beams” will take place from March 28 to March 31, 2017 at the Weizmann Institute in Rehovot, Israel.

March 20,21, Christine has a schedule conflict.

Who is interested in going to DC?

Lijuan need talk to David Manning, who works with Paul Doucette.

**Dates for 2017 RHIC and AGS Users Meeting very soon.
(June 13-16, 20-23, 27-30 ...)?**

Theme?

A few other things

A few things on QOL

Handicap access to housing, brought up by Brett Fadem

CDC update:

Enrollment: below 40 to 49 now. Increasing.

Lunch program: 20 to 26 enrollment now

Staff changing, but so far voices from parents are positive.

BSA has contacted a consulting firm to further access the options and sustainability.

Bright Horizon will run till April 2017 and will not continue.

RFP (a request for proposals) is expected out, pending DOE approval, to look for a new vendor.

DOE does not approve the subsidy to a vendor. Looking for another option (parent benefit).

Mailing list issue, solved?

Diversity: any update?

Next Two Meetings

Jan 13, 2017 (Berndt Mueller)

Suggest to move Feb meeting to Feb 17th because of QM pre-rehearsals and QM. Any objection?

Invite Ferdinand Willeke? since he can not join this meeting because of a schedule conflict but willing to join our discussion in the future.
