List of publications

[1] P. Jakl, J. Lauret, M. Sumbera: *Distributed data management in STAR experiment*, retrieval study report, Department of Mathematics, Faculty of Nuclear Sciences and Physical Engineering, Czech Technical University in Prague, 2005 URL

[2] [IN PROGRESS] P. Jakl, J. Lauret, A. Hanushevsky, A. Shoshani, A. Sim : *From rootd to xrootd, from physical to logical files: experience on accessing and managing distributed data*, slides and paper, International conference in High Enenrgy and Nuclear Physics, 2006, 13-17 February 2006, T.I.F.R. Mumbai, India URL

[3] [IN PROGRESS] P. Jakl, J. Lauret, M. Sumbera: *Managing distributed data collections, from physical to logical files*, retrieval study report, 2006, Department of Mathematics, Faculty of Nuclear Sciences and Physical Engineering, Czech Technical University in Prague, 2006

[4] STAR Collaboration, J. Adams *et al.*: *Identified hadron spectra at large transverse momentum in p+p and d+Au collisions at $\sqrt{(s_{NN})} = 200$ GeV*, arXiv: URL
